

## GREEN ZONE METAL RECYCLING – PART TIME DRIVER & EQUIPMENT OPERATOR – CLASS A CDL

Apply online at <https://green-zone-recycling.com/joinourteam/>

As a Part Time Driver & Equipment Operator – Class A CDL at Green Zone Metal Recycling you will be an integral and valued member of our team. You are flexible to work 1-2 days/week during slower weeks and 3-4 days/week during busier weeks. We hire based on experience, character, and work ethic.

Your core responsibilities will be:

1. Shipping our recycled material to market
  - a. Safely operating our trucks
  - b. Conducting Pre/Post Trip Inspections in our software on your mobile phone – flagging relevant issues correctly to properly alert our mechanic
  - c. Treating our trucks like they are your own: keeping trucks washed, clean, and in good working order
  - d. Pulling a low boy trailer a few times a year (to include properly securing loads with chains for transport)
2. Operating our excavators to load material offsite (1-2 loads/week)
  - a. Proper loading procedures and loading material in our trailers efficiently
  - b. Ensuring work site is neat and cleaned up when done loading
  - c. Partnering with our mechanic to ensuring off site excavators are properly maintained – flagging preventative maintenance issues
3. Rolloff BIN Pickup & Delivery
  - a. Safely operating our rolloff trucks throughout the Roaring Rork Valley to pickup and delivery rolloff BINS
  - b. Operating our rolloff software on your mobile phone to track the rolloff BINS you work and then creating a rolloff ticket when you are back on the scale at Green Zone so we can properly bill the customer
  - c. Conducting Pre/Post Trip Inspections in our software – flagging relevant issues correctly to properly alert our mechanic
